

Aloe

'Johnson's Hybrid'

Aloe hybrid

PLANT DESCRIPTION

Plant Type:	Succulent Perennial
Height/Width:	1 ft. H x 2 ft. W
Plant Form:	Compact growth
Flower/Fruit:	Bright orange flowers on foot-high stalks all year
Leaf:	Thin, bright green with faint white spots and small teeth
Native To:	South Africa hybrid

GROWING REQUIREMENTS

Sunset Zones:	8, 9, 12-24; Hardy to 20°F
Soil:	Well-drained
Water:	Little to moderate
Sun:	Full sun or light shade in hottest climates

Care and Pruning: The yellow substance from inner side of the skin can be highly irritating both externally and internally. Carefully removing all skin and any yellow substance before using Aloe may avoid such adverse effects.

GARDEN USE Makes broad, dense ground covering mats. Excellent choice for a container plant. A fire-smart plant.
