

# ASTC Travel Passport Program Participants – May 1, 2010 to October 31, 2010

The Travel Passport Program entitles visitors to free **general admission**. It does not include free admission to special exhibits, planetarium and larger-screen theater presentations nor does it include museum store discounts and other benefits associated with museum membership unless stated otherwise. Acquaint yourself with the family admission policies (denoted by "F:") of Passport Program sites before visiting. **PROGRAM RESTRICTIONS: 1. Based on your science center's/museum's location:** Science centers/museums located within 90 miles of each other are **excluded** from the Travel Passport Program unless that exclusion is lifted by mutual agreement. 90 miles is measured "as the crow flies" and not by driving distance. Science centers/museums may create their own local reciprocal free-admission program. ASTC does not require or participate in these agreements, or dictate their terms. **2. Based on residence:** To receive Travel Passport Program benefits, you must live more than 90 miles away from the center/museum you wish to visit. Admissions staff reserve the right to request proof of residence for benefits to apply. Science centers and museums requesting proof of residence are marked by (✓IDs).

Visit [www.astc.org/passport](http://www.astc.org/passport) for a list in larger type font.
